## SUBJECT GROUP 1500-1599 TRAINING AND EDUCATION

## SUBGROUP 1500 - GENERAL

1500.1 Hampton Roads offers a broad variety of Navy training and education.

a. Background. In order to assist customers in finding and accessing training more efficiently, local Navy training and education sources can be located through Internet web sites. They have been divided into four major categories: Local Training Authority Hampton Roads (LTA HR), Formal Navy Schoolhouses (CINCLANTFLT and Chief of Naval and Education and Training (CNET)), Navy Training Course Databases (Catalog of Navy Training Courses (CANTRAC) and Navy Training Synergy Database) and the Navy College Program/Volunteer Education Programs.

(1) Local Training Authority Hampton Roads (LTA HR) ([www.lta-hr.navy.mil](http://www.lta-hr.navy.mil)). Acts as CNET's agent in identifying, certifying, and managing sources of non-traditional and exportable training to support Fleet formal training requirements. LTA HR's mission is to assist the Fleet in obtaining regional formal and informal training. The LTA HR web site provides links to local training information, training activities both DoD and commercial, and other useful training sites and resources.

(2) Formal Navy Schoolhouses

(a) CINCLANTFLT Formal Schoolhouses

1. Afloat Training Group, Atlantic (COMAFLOATRAGRULANT) ([www.atgl.spear.navy.mil](http://www.atgl.spear.navy.mil)) - COMAFLOATRAGRULANT provides basic shipboard training on board Navy and Coast Guard ships with emphasis on team training.

2. Expeditionary Warfare Training Group, Atlantic (EWTGLANT) ([www.EWTGLANT.navy.mil](http://www.EWTGLANT.navy.mil)) - EWTGLANT provides a wide range of training in expeditionary and amphibious operations for USMC and USN personnel and staffs. The training focus is on doctrine, tactics and techniques in all aspects of expeditionary operations, force deployment planning and support operations to enhance naval force projection. Training is also available in the areas of: Military Operations Other Than War, Engineering, Seamanship, UNREP, VBSS, Anti-Terrorism/Force Protection, Small Arms Weapons and Engagement Tactics.

3. Fleet Aviation Specialized Operational Training Group, Atlantic (FASOTRAGRULANT) ([www2.clf.navy.mil/commands/comm11319991361.nsf](http://www2.clf.navy.mil/commands/comm11319991361.nsf)) - FASOTRAGRULANT provides courses and offers services in the following: Aviation

Maintenance Admin, Survival Training, Microcomputer, CNAP Flight Instructor and Media Services.

4. Tactical Training Group, Atlantic (TACTRAGRULANT) ([www.ttgl.navy.mil](http://www.ttgl.navy.mil)) - TACTRAGRULANT trains with Commander, Second Fleet (COMSECONDEFLT) battle group commanders, staffs and ship commands in preparation for deployment.

(b) CNET Formal Schoolhouses

1. Fleet Combat Training Center, Atlantic (FCTCLANT) ([www.damneck.navy.mil](http://www.damneck.navy.mil)) - FCTCLANT offers courses of instruction including major and minor caliber weapons, C4I IT University, Maritime Command and Control Systems Operations Specialist "A" School, Operations Specialist training, electronic warfare, air control, air intercept control, fire control systems, and combat information/combat direction center skills, including all data links. CNET's Electronic Schoolhouse Network (CESN), which offers training via video teletraining (VTT), is also located here.

2. Fleet Training Center, Norfolk (FLETRACEN) ([www.cnet.navy.mil/cnet/ftcnor/index.htm](http://www.cnet.navy.mil/cnet/ftcnor/index.htm)) - FLETRACEN's major training programs include ASW, Engineering, Electronics, Supply, Surface Operations and Instructor Training. Fleet high interest training includes FF/DC.

3. Naval Air Maintenance Training Group Detachment, Norfolk (NAMTRAGRU DET Norfolk) ([www.cnet.navy.mil/cnet/namtragg/nordet/index.htm](http://www.cnet.navy.mil/cnet/namtragg/nordet/index.htm)) - NAMTRAGRU DET Norfolk provides aviation specialized and refresher training to maintain and operate air weapons systems supporting H-53/AMCM, E-2 and C-2 platforms, AB and AO ratings, and related systems.

4. Naval Air Maintenance Training Group Detachment, Oceana (NAMTRAGRU DET Oceana) (<http://namtra.cnet.navy.mil/oceana/ocenets.htm>) - NAMTRAGRU DET Oceana provides both initial and advanced training for the F-14 and FA-18 aircraft weapons and related systems. It also offers both initial and advanced training in operation, maintenance and automatic testing of electronic assemblies and test equipment used in IMAs.

5. Navy and Marine Corps Intelligence Training Center (NMITC) ([www.cnet.navy.mil/nmitc/](http://www.cnet.navy.mil/nmitc/)) - NMITC provides state-of-the-art Entry, Intermediate, and Advanced Intelligence Training for the Navy, Marine Corps and other organizations in support of DOD requirements.

6. Navy Occupational Safety and Health and Environmental Training Center (NAVOSHENVTRACEN) ([www.norva.navy.mil/navosh/](http://www.norva.navy.mil/navosh/)) - NAVOSHENVTRACEN offers safety, health

20 MAR 2000

and environmental training using formal classrooms, VTT and computer-based delivery.

7. Naval Leader Training Unit (NLTU), Little Creek ([www.cnet.navy.mil/cnet/nltulck/index.htm](http://www.cnet.navy.mil/cnet/nltulck/index.htm)) - NLTU Little Creek offers training in Navy Leadership, CMEO and Leadership Instructor Training.

8. School of Music ([www.eustis.army.mil/som/armed.htm](http://www.eustis.army.mil/som/armed.htm)) - prepares Navy, U.S. Marine Corps and U.S. Army musicians for a wide variety of military parade and performance music.

9. Submarine Training Facility (SUBTRAFAC), Norfolk ([www.cnet.navy.mil/cnet/stf-nor/homepgc.htm](http://www.cnet.navy.mil/cnet/stf-nor/homepgc.htm)) - SUBTRAFAC offers courses in submarine engineering, combat systems, navigation, supply and periscope photography. Additional training is provided for the STG rating enroute to Integrated Underwater Surveillance systems facilities.

10. Nuclear Planners School - This course provides students the knowledge to be able to write nuclear Controlled Work Packages (CWP) used in the maintenance of ship board nuclear systems. Information for IMANPY school can be obtained from NAVSHIPYD Norfolk (Code 105).

11. Radiological Control Technician Qualification School (RCTQS) - This course provides students with the knowledge to control radiological material. Information for RCTQS can be obtained from NAVSHIPYD Norfolk, Code 105.

12. NAVAIR Weld School - This course teaches MIG, TIG and Arc welding for repair and maintenance of aircraft. Information for Weld School can be obtained from NAVSHIPYD Norfolk, Code 900 Training.

(c) Navy Training Course Databases. These web-based databases allow the user to search for available training using schoolhouse names, course descriptions and titles or numbers, NECs or key words.

1. Catalog of Navy Training Courses (CANTRAC) ([www.cnet.navy.mil/cantrac](http://www.cnet.navy.mil/cantrac)) - The CANTRAC contains information on schools and courses under the purview of the CNET and other Navy training commands. CANTRAC offers school and training site locations, course identification designators, throughput numbers and prerequisites. Courses that are obtainable via VTT through CESN are also listed. A password is required to access information at this address and can be issued directly to the customer via the CANTRAC web site application form.

29 MAR 2000

(d) Navy Training Synergy Database  
([www.namts.com/catalog/database.asp](http://www.namts.com/catalog/database.asp)) - This database contains a list of both formal Navy and commercial training providers (both DoD and private vendors). Search function allows for easy research and location of training provider to meet training needs. A password is required to access information at this address and can be issued directly to the customer via the Navy Training Synergy Database web site application form.
